

Prerequisites: 'C' or better in MATH 2554 (Cal I) or MATH 2043 (Survey of Cal)

Instructor: Mark Arnold

Office: SCEN 418

Phone: 575-7701

Mail: arnold@uark.edu

Web: <https://arnold.hosted.uark.edu>

Office Hours:

MWF 10:00-10:50pm and by appointment (in office or zoom),
Or just try your luck and drop by anytime...

Text: Leon, *Linear Algebra with Applications*, 9th Ed.

Material covered: Chapters 1–6 of the text (with some omissions)

Grading on a 90/80/70/60 scale based on the following

Exam 1 (October 12, Chapters 1,2 & 3)	100
Exam 2 (November 16, Chapter 4 & 5)	100
Final exam (December 18, Chapter 6 and comprehensive)	100
Homework (due most Fridays, will count best 10 scores)	100
Quiz (given most Fridays, will count best 10 scores)	100
	—
Total	500

Notes

- The final is December 14, 8:00 – 10:00am, in our regular lecture room.
- The dates for exams 1 & 2 are my best approximations. Please let me know of any conflicts with those dates as soon as possible.
- Exams can be made up only under extreme circumstances (I get to define “extreme”, so non-emergency situations must be arranged well in advance).
- **Inclement Weather Policy:** A Test will be rescheduled to the next class meeting if the Fayetteville public schools are closed due to weather on a test day.
- *As a core part of its mission, the University of Arkansas provides students with the opportunity to further their educational goals through programs of study and research in an environment that promotes freedom of inquiry and academic responsibility. Accomplishing this mission is only possible when intellectual honesty and individual integrity prevail.*

Each University of Arkansas student is required to be familiar with and abide by the University's 'Academic Integrity Policy' which may be found at <http://provost.uark.edu/> Students with questions about how these policies apply to a particular course or assignment should immediately contact their instructor.
